Event Surveys

Improve Your Event at Every Opportunity with Surveys

The Lanyon Smart Events Cloud® brings together leading technologies for event marketing, strategic meetings management and corporate travel. RegOnline® by Lanyon - part of the Smart Events Cloud - is the easy-to-use, affordable online registration and event management solution for events of all sizes.

Curious how to eliminate the guess work and get more insights into your events? Surveys from RegOnline by Lanyon gather important feedback from your event audience. Effortlessly send event surveys online or via your mobile phone, and report on the outcomes to better understand what attendees like and dislike about your events.

Create Custom Surveys with Unlimited Questions
Match your survey design to your event website and add limitless questions (including conditional logic formatting).

Access Instant Reports for Data Insights
Send event surveys automatically and track results in real-time.

Go Mobile
Encourage attendees to complete surveys directly from an iPhone, Android, or BlackBerry.

Go Green
Eliminate excess paper by using electronic surveys for your event.

Make Data-Driven Decisions
View detailed reports, graphs, and charts with cross-event data.
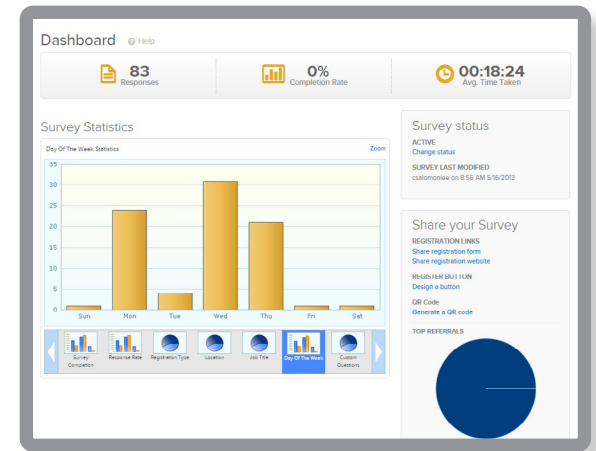

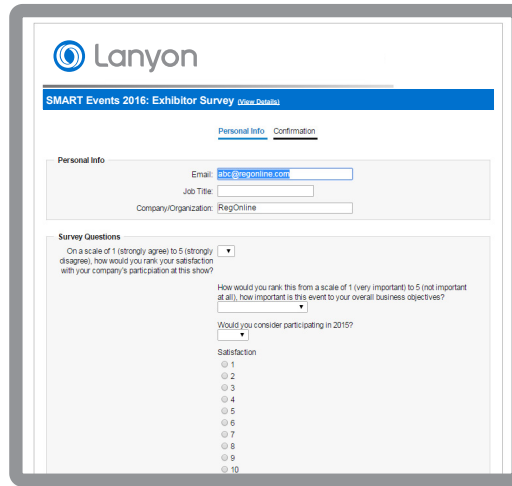

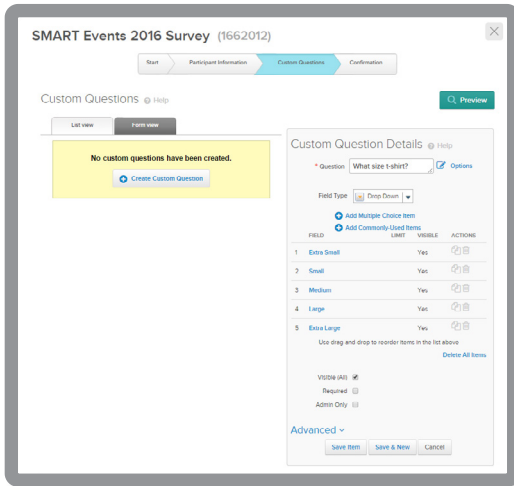

Save Time
Ditch paper surveys and excel spreadsheets — gather and summarize feedback electronically.

RegOnline.com | **@Lanyon**

Lanyon is the **only** company that provides **comprehensive software solutions** for meetings, events and corporate travel.

Gain valuable insight from your attendees with RegOnline by Lanyon.

Create Event Surveys

Our survey tool allows you to easily create an event survey with an unlimited number of questions and the ability to add conditional logic. Select from a list of commonly used question types and responses or customize based on your event's needs.

Preview And Test Your Survey

Preview, test and refine your survey before sending it out.

Review And Analyze Survey Responses

Quickly view and analyze your event survey statistics via our reporting dashboard, such as completion rates, average time to complete the survey, and day of the week for survey responses.
